Subject: Division Directive Closed, Steven Gale, Anval 1&2 Mine, S/001/0038, Beaver County, Utah

Dear Mr. Gale:

The Division requested that you supply maps that showed the exact location of the one-half acre you intend to disturb. Considering the maps available to the Division, including one made by the Division, and given the small area involved with this mine site, the Division will forego the requirement that you submit additional maps. However, **the current pit must not be expanded without first reclaiming a portion of the disturbed area and having the Division approve the reclamation work.**

You will be required to post additional bond if at any time the Division inspects the site and finds the disturbance to be larger than one-half acre. This could also result in issuance of a cessation order and associated civil penalties.

If you have questions or concerns regarding this letter, please contact me at (801) 538-5261 or Tom Munson at 801 538-5321.

Sincerely,

Paul B. Baker
Minerals Program Manager
